

Grange Junior Cricket Club – New Member Policy

We acknowledge the popularity of junior membership at Grange Cricket Club. We strive to strike an appropriate balance between offering membership to many, whilst ensuring we offer the quality of coaching and match-day opportunity that our Juniors deserve. Accordingly, we do limit the number of Junior Members in each age category. We offer Membership for the summer season based on the following criteria:

- Places are initially offered to those who were Junior Members in the prior summer, and their siblings. This priority booking will be open for a limited time, strictly for those who were Junior Members in the prior summer, and their siblings. We will publicise that Junior Membership is open to prior summer Junior Members via the Whattsap Groups.
- Following a set time period for prior-summer members to re-join, and if spaces remain, we then open to those who were not Junior Members in the prior summer. We will publicise availability of Junior Membership via (i) an email to those who have contacted us to enquire about Membership, (ii) notice on our website, and (iii) notice via our Whattsap Groups.

We do not manage a waiting list on a first-come-first-served basis. We sincerely apologise to people who are keen to get their children into Grange Cricket Club – in an ideal world we could accommodate every child, but time, space, and number of match-day teams limit what we can offer.
